# About Us and Our Gala

Since 1965, the East Harlem Council for Human Services, Inc. (Council) has provided the highest quality of fully bilingual health and human services to East Harlem and the surrounding communities. Over the past 60 years, the Council has developed several programs to meet the needs of the community. These programs include the East Harlem Bilingual Head Start, the Borikén Neighborhood Health Center (Borikén), School Based Health Programs at PS 7, PS 112 & PS 155 and our Senior Nutrition program for Older Adults at Casabe Houses.

We are very proud of the services and the work we have done over the past 6 decades and we remain committed to delivering on our mission. East Harlem and the surrounding communities are vibrant, full of rich history, culture, arts and resilient individuals but at the same time they face significant challenges around healthcare, housing, and other human services. The Council will continue to do all it can to ensure this community gets the services they need and deserve! This is why we need your help. To continue our work, we need the support of our friends and partners. Today the work we have been doing is being threatened by policy changes and decreases in funding at a time when more needs to be done. Our health center, which serves over 12,400 individuals each year and provides comprehensive primary and preventive care to any individual that crosses our threshold, does not receive the reimbursement rates it requires to continue to do our work. Our current rates are based upon 1999-2000 cost factors creating significant gaps to support our work. Our Bilingual Head Start program, that we have been running since 1969 and serving over 200 children and their families each year with year-round programming, has no identified long term funding and is at risk of closing within the next 18 months. Closure of such a program would be a great loss to the community and the families that rely on us just furthering the challenges already faced. Now more than ever we need the backing of our friends and partners. We hope you will join us on Wednesday, May 20<sup>th</sup>, 2026, at the beautiful Capitale and learn more about our work and what you can do to help us to help so many others.

Our theme, “*Saving Lives, Building Futures; Con Corazón y Comunidad*”, does not only represent our commitment to our work, but the love and compassion we have for our community. We will continue to do everything we can to ensure that every individual in the communities we serve are provided with the health and human services they need and deserve. Thank you for lending your support to our efforts, together we will make a difference.
